Fills achieve their highest triumph. Here they defy all

competition. Entering within the hidden recesses of the

disease, and give tone and vigor to the body.

Cures are Constantly Effected by these Pills, in cases where every other means had utterly failed. The most abundant proof of this could be given, but a trial of one

If you are sick, get cured; if well, employ measures to continue so. Every individual indulges in habits, which must, to a greater or lesser extent, discreange the admirable and intricate combinations which form the system, and consequently every individual should possess some mild, yet efficacious, simple and accredited agent for preserving all the functions of the body in

Dr. Woods Sarsaparilla and Cherry Bitters can import it will achieve this result, and should be in every family, and in the hands of every person, who, by business, profession or general course of life, is predisposed to the very many little ailments that render life a curse, instead of a blessing, and finally result, in their aggregated condition, in the cause of Death.

The Bitters here mentioned are compounded by a man of great skill and knowledge, from the simples Nature presents to those who care to find them, and which are the only reliable antidotes to the poison of disease. The chief ingredients are the universally-beloved Sarsaparilla and the Bark of the Wild Cherry Tree, with which the red mon of the forest cures nearly every disease of the internal organs. These miterials, though powerful in their action, are, as common sense teaches us ENTIRELY HARMLESS:

In the train of Costiveness follow dreadful local congestions, oftentimes insanity, very frequently mani i or hypochondria, violent head iches, palpitations, and other affections of the heart, and rhumatic swellings. Dr. Wood's Compound is one of the most efficient medicines in routing these complaints, and their fountain head, that can possibly be procured.

From being confined in close rooms and from taking a sm II modicum of exercise, numerous persons dail, are made to deplore a loss of appeite, painful headaches, weakness of the muscles, languor, want of energy sufficient to permit them to seek recreation, &c. &c. These persons say for years, that they "don't feel very well." I soon became emaciated and expected to die; was confined to my bed and was obliged to have watches; indeed. I cannot give you any description that would do justice to my case. I was supposed by my friends to be past recovery I had tried a great number of remedies, and all to no purpose. I read of some most extraordinary cares performed by your medicine, and to tell you the truth. I suspected there was some humbur in them. But I was Hosiery, and Negro clothing, together with a lot of Notions, making in all a stock too tedious to Country Merchants will be supplied on terms so liberal, as will, we think, obviate the difficulty I suspected there was some humbug in them. But I was induced to try it; I did so, and am very thankful that I did. GREAT FEMALE MEDICINE. Dr Townsend's Sarsaparilla is a sovereign and speedy cur-for incident consumption, barrenness lencorrhee, or whites obstructed or difficult menstruation, incontinence of urine or involuntary discharge thereof, and for the general pros-tration of the system; no matter whether the result of inierent cause or causes, produced by irregularly, illness of

W- Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and lassitude before taking it, at once become robust and full of energy under its influence. It immediately conteracts the nerviessness of the female frame, which is the great cause of barrenness.

It will not be expected of us in cases of so delicate a nature

to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases, have been reported to us. Several cases when families have been without chilus. Several cases when lamines have been without children; after using a few bottles of the invaluable medicine,
have been blessed with healthy offspring;
Dr Townsend; My wife being greatly distressed by weak
ness and general debility, and suffering continually by pain
and a sensation of bearing down, falling of the womb, and
with other difficulties; and having known cases where your
medicine, had effected great cures, and also hearing it recommended for such diseases as I have described. I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored health. Being grateful for the

benefits she received I take pleasure in thus acknowledging it, and recommending it to the public.
